

STYLEGUIDE HUB

The UFC Styleguide has a new look. This form is to help you navigate around the new interface and highlight some new features.

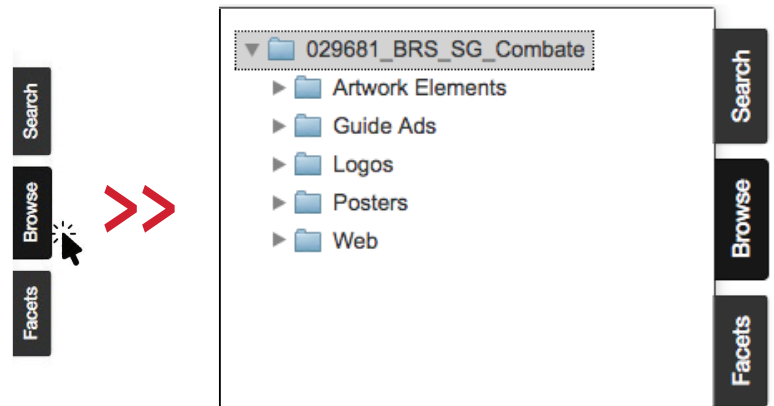

Your navigation bar still lives on the left.

BROWSE

Selecting browse will give you the dropdown menus that you are used to seeing.

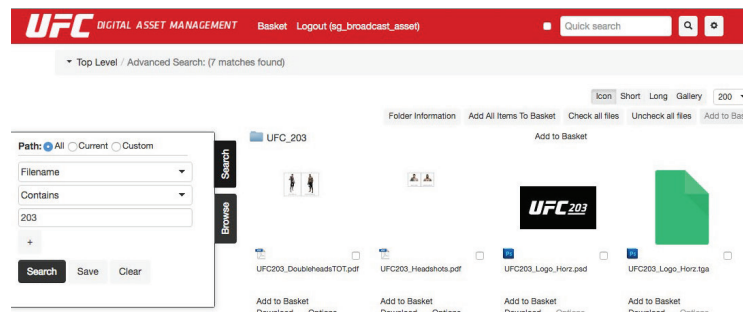

Selecting the carrots will drop you down to the next folder level for quicker navigation.

SEARCH

You can now search for assets by selecting search in the navigation window.

After searching, you can select the "icon" button on the top right to give you a thumbnail view of all the items found.

Please contact styleguide@ufc.com with questions regarding creative execution or approval.
